

EIDP - Luxembourg EUROPEAN INSTITUTE OF DIPLOMACY & PROTOCOL

Château de Wiltz - Luxembourg

EIDP is a non-profit association, created in collaboration with the BBI (School for International Hospitality & Tourism Business - Luxembourg). The institute is based at the "CAMPUS OF APPLIED SCIENCES" in the Chateau de Wiltz, Luxembourg.

Our objectives

The main objective of this venture is to provide auditors with the formal elements of protocol and etiquette in official State diplomatic activities, as well as protocol practical arrangements in business of the private sector.

Although protocol may use standard tools, each area of application has its own norms and criteria. Protocol is a field that requires much more than common sense or notions on the subject; it requires enough training to match the complexity of the work demanded by public and private institutions.

Who should attend

The programmes will be of particular interest to:

- Members of the Diplomatic and Consular Corps
- Members of the Courts of Justice and Tribunals
- National and International Civil Servants
- Armed Forces and Police Services
- Multinational Corporations Executives
- International organisations & ONGs
- Communication and Public Relations Personnel
- Journalists and Interpreters
- University Students in International Relations and Diplomacy

What subjects will you learn

- Universal notions of protocol
- Protocol and diplomacy
- Preparations and organization of State meetings
- Comparative protocol in different cultures
- Protocol in business negotiations
- How to plan a formal dinner - Dining Etiquette
- Protocol within the United Nations system

Our Methodology

Seminars, round tables, specialized workshops, brain storming sessions, practical exercises conducted exclusively in English.

Our method focus on gaining knowledge and skills for its practical application and to guarantee the mastering of contemporary protocol practices. It is a combination of presentations, questions and answer sessions and discussions carried out by a group of carefully selected and renowned experts in their respective fields. This approach ensures that in-depth discussions will lead to a richer and more comprehensive knowledge of the topics encountered.

Our Executive Lecturers always relate their educational knowledge to their own organisational experience and real-life situations. This enables participants to apprehend organisational techniques, as well as the most frequent problems and difficulties to be faced in different situations and the appropriate procedure to deal with them.
