

E-LEARNING AT BBI LUXEMBOURG

In 2019, BBI Luxembourg will start several new degrees within its Master programme.

Two degrees, an MBA and a Master in Hospitality Management, will be using E-learning technology as to provide time saving and easy access for students either working full time or living abroad. These programmes are being prepared in collaboration with EBU Luxembourg (European Business University), specialist in online learning.

Additionally, a new on-campus international Master degree is being prepared in collaboration with our long time double degree partner, Euroaula, located in Barcelona, Spain.

OUR COMMUNITY

"BBI Luxembourg is a very special school; it is not only a school, a place for learning, but it is also a home in many ways."

It is impossible to run a school smoothly without dynamic and motivated staff members. One of these people is Yves-Henri Gonner, he is 29 years old and originates from Diekirch. He is half Dutch and half Luxembourgish.

What is Classlife?

Classlife is everything you need to manage a school, in one place. It saves time on administration and creates time for people. Simplifying day-to-day activities for school administrators, teachers and students helping all to become more efficient and highly engaged, combining a social network workflow with a robust set of tools to manage education, communication, sales and administration along with a complete set of reports and analytics.

HOW DO YOU SAY... in Luxembourgish?

Hello. **Moien.**

How are you? **Wei geet et?**

Enjoy your meal. **E gudden.**

Wishing you a pleasant day! **Ech wenschen Ierch e scheinen Daag.**

Goodbye. **Äddi.**
