To all BBI professors

Is difficult to describe in few words one year of a great experience in BBI, I would like thank to all of you who had the time and patience to share your knowledge and experience in order to develop a future professional.

I want you to know I keep all your advices and words as a treasure, now I go back home as a better professional, with a wide professional vision, ready to share my experience.

Thanks BBI for opened your doors to me, I was far away from home and my family, but here I meet my new family, and learnt the value of the friendship and solidarity without boundaries.

Congratulation BBI for being an international school with the best of the values RESPECT. Whish you the best in the development of the new projects.

Thanks
